

**Since the opening of our homes in 1983, we have become increasingly involved with meeting the medical needs of our residents. There is no doubt that the skills of our nursing staff have been an important factor in providing the medical management necessary to collaborate with hospitals, doctors and home care agencies.**

**Mrs. Bush's reputation for providing quality care is enhanced by our ability to offer the following services:**

- Assistance with personal care needs such as washing and dressing, blood pressure and weight monitoring and diabetes management.
- Our homes are handicap accessible and can accommodate the use of assistive devices such as walkers, wheelchairs and hospital beds.
- Continence management
- Modified diets
- In House Extended Care Services as provided by Agencies:
  - physical therapy, occupational therapy and speech therapy
  - ultrasounds, x-rays, EKG's and lab studies.
  - wound care, ostomy care and catheter care
  - private duty aides, psychiatric nursing visits and hospice care
  - on site hearing tests and hearing aide services.
- Weekly in house physician visits and bimonthly in house podiatry visits  
Also available is transportation with personal escort to physicians of choice.
- Direct admissions from your home as well as hospitals, rehab centers, nursing homes, assisted living facilities and Personal Care Homes
- Accommodating needs for respiratory disorders such as oxygen and nebulizer treatments.
- Perioperative management- scheduling pre-operative visits, studies and post-op follow up care.
- Staff includes PA Certified Nursing Assistants; Personal Care Aides trained by our Licensed Nurses and trained in First Aide and CPR.
- Long Term Care Insurance accepted as approved by insurance providers.
